DEPARTMENT OF ELECTRICAL ENGINEERING

UNIVERSAL COLLEGE OF ENGINEERING & RESEARCH

Prerana Pratishthan was established in 2006 with the aim to start educational activities for the development of technical student community. Pune being Educational Capital of India since a long has developed to a great extent in educational field where many big software & other industries have set-up their offices. Hence to provide this industry Prerna Pratishthan has developed the well-educated & technically sound personnel.

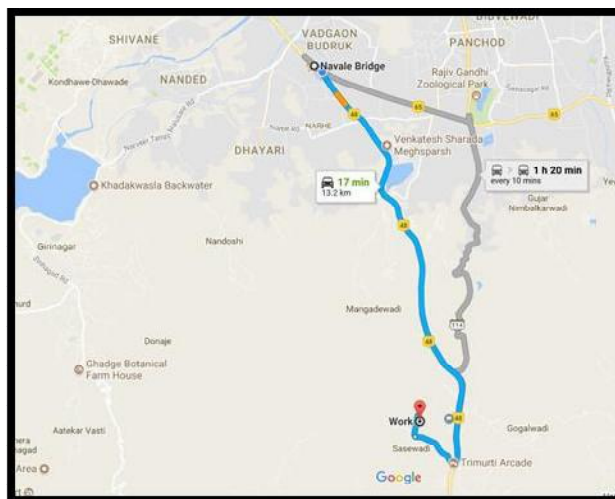

Prerana always values quality and thus has hired well educated, experienced and dedicated faculty and created latest Technological Laboratories, strong Library with latest domestic as well as international publishes subscribed.

ELECTRICAL ENGINEERING DEPARTMENT

The main objective of the department has been to inculcate quality educational environment, at the undergraduate levels in various areas with broad emphasis on design aspects of Electrical Engineering. The Department is flourishing with tremendous growth in academics and in other activities which provide platform for the students to built their confidence and explore their abilities .The Department has an experienced and dedicated faculty with strong commitment to engineering education who work with enthusiasm to provide a excellent learning environment to the students in order to help them stand in today's competitive environment. To pace with the current technological trends, the Department is well designed to all advancements in existing and emerging technologies, which gives the students a holistic and pragmatic view of the present scenario of the Electrical Engineering Industry.
